The applicant must document support (in U.S. dollars) equal to or greater than the amounts indicated below. These figures are the estimated costs per calendar year (12 months) and are subject to increase without notice:

In computing your expenses, you should bear in mind that students holding Student (F-1 or J-1) visas are authorized to work only under limited circumstances. Therefore, the applicant should not look for employment as a means of support while at UNM. Under no circumstances are students permitted to work full-time during the academic year. If you are an applicant and plan to bring a spouse and children, a proportionately larger amount must be certified on the basis of at least an additional \$5,000 per academic year for your spouse and \$2,500 for each child. Spouses of F-1 student visa holders are not permitted to work under any circumstances.
