Social Security Numbers

The Federal Privacy Act of 1974 requires that you be notified that disclosure of your Social Security Number is mandatory based on University regulations. Your SSN is used to ensure an accurate academic record and to provide full access to all services, such as financial aid. Your SSN will not be used as your primary University identification number. If you are unable to provide a Social Security Number, the University will assign an alternative number to you. This will not impact the admission decision.

Confidentiality of Records - Family Education Rights and Privacy Act

Directory information, including your name, address, and telephone listing, may be released without written consent unless you have requested that such information be withheld. To request confidentiality, contact the Records Office at 505-277-2916.

Dual Credit

If you have taken college courses while enrolled in high school, UNM will evaluate them according to the following guidelines. Students receive full credit for coursework completed with a minimum grade of “C” from regionally accredited institutions provided UNM has equivalent programs of study. Transferable courses with grades of “D” are accepted only from New Mexico institutions. UNM does not accept classes that are technical/vocational, remedial, or are dogmatic religion courses.

Evaluation of transfer credit is part of the admissions process: 1) An Admissions Officer will evaluate credits on a course-by-course basis to determine general transferability to UNM. A Transfer Credit Evaluation is then produced. 2) Your college or division advisor will determine how your transferred credits apply toward your stated degree program.
