

Guild of Book Workers Administration 1962-2007

This document was compiled by Alan Shalette using issues of the the Guild of Book Workers Journal, published beginning in 1962, and later indices of the Journal. This document is an authoritative and accurate guide to the GBW's administration and board of directors (previously called the "executive committee"), listing those who held national office and served as chairs of local chapters.

At the same time, Alan also created an index of the Guild of Book Workers Journal. That document is also available on the GBW's website.

Members of the Guild own a debt of thanks to Alan for all of his work compiling this information and ensuring that this essential historical record of the Guild is preserved for future members and researchers.

Any corrections to this document can be sent to the GBW president at president@guildofbookworkers.allmail.net.
