

Each canoe usually has an overall general theme. Canoes are stained or painted. Some are very intricate with their designs. Canoes will be on a presentation stand so everyone can see the inside and outside. This stand will be a display designed to hold the canoe at a height of 2.5 to 4 feet below the canoe, giving ample viewing. There will be no sounds, lights, or canopies accompanying this portion of the event.

**Location:** Johnson field, UNM campus.

**Time and Date:** afternoon of Friday, April 10<sup>th</sup>. See our website for schedule:

<http://www.unm.edu/~asce/rockymountain.htm>

**Maximum points for the canoe portion of the conference:** 350 points.

**Total points possible in conference:** 1000.

Official rules for this event can be found on page 36 of the Concrete Competition Rules. Follow this link to quickly access the PDF:
