

Rocky Mountain Regional Conference 2015

Non-Technical Paper Description

It was suggested by the National ASCE Conference Host Guide to set the Non-technical paper to be the Daniel W. Mead Paper. For the 2015 Conference this year, student will write their Non-Technical Paper as if it were the Daniel W. Mead paper. The topic, set by National ASCE, is:

Should the Engineer of Record (who has sealed a set of plans) be held responsible, to any degree, for injury or death to builders or bystanders that occurs during the construction of his/her design?

Papers will be presented by each school that is participating in this optional event. This event is worth 125 of 1000 points.

The official rules can be viewed here: <http://www.merrimack.edu/live/files/1214-2015-mead-contest-mc-version---kppdf>
