

# **College of Arts and Sciences Latin American Studies, M.A.**

---

## **Broad Learning Goals**

- A. Students will develop in-depth knowledge in two fields of concentration in Latin American Studies, including at least one disciplinary field of study.
- B. Students will learn theory and/or research methods in two disciplines.
- C. Students will develop and utilize academic forms of written and oral communication to present their research.
- D. Students will develop and apply interdisciplinary methods to Latin American topics.

## **Student Learning Outcomes**

- A.1. Students will describe in depth specific Latin American issues or problems in relation to local, regional, and international processes, in two fields of concentration.
- B.1. Students will solve a research problem on a specifically-defined Latin American topic by applying a disciplinary perspective and consulting and analyzing appropriate disciplinary sources or data.
- C.1. Students will present their research orally or in writing in compelling, coherent, clear analytical arguments, supported by appropriate documentation and disciplinary citation style.
- D.1. Students will solve a research problem by applying an interdisciplinary methodology and sources appropriate to both disciplines.
