Assignments:

Homework is your most important effort in this class: homework is how you actually learn the material that will be on quizzes and exams. Expect to do 2-3 hours of homework for every hour of class meeting time (on average 10-15 hours per week). Keep all of your homework together in a folder so that if you are having trouble in the course, you can bring it with you when you go to see your instructor or get tutoring.

Homework will be collected and graded.

Four assignments can be turned in late during the semester (without penalty). Homework can be corrected and turned back in with the original assignment **the next class period**. Only those problems that were wrong need to be corrected. The corrections should be done on a separate paper and attached to the original. Corrections are worth 1/2 of their original worth.

<u>Class work and group projects</u> are done in class: They can not be made up unless prior arrangements have been made.

<u>Quizzes:</u> can not be made up. Quizzes will be given each Wednesday and will include material covered between quizzes.

<u>Make-up exams</u> If you miss an exam, contact me immediately. Make-up tests will be given in appropriate circumstances only.

V. Grading Policy

Exams and Quizzes	50%	А	90-100%			
Homework and Classwork	20%		80-89%			
Final Exam	30%	С	70-79%			
To pass the course, a student must earn at least a 60% on the final			60-69%			
regardless of what the course average is.			Below 60%			
* ten quizzes equal one exam. If more than 10 quizzes are given, the lowest grades will be dropped. (If						
12 quizzes are given, the 2 lowest grades will be dropped.) Your grade will be calculated by adding 50%						
of the test average, 20% of the homework average and 30% of the final exam grade.						

VI <u>Schedule:</u> (Tentative)

Week 1.		Week Starting Aug. 20		Sections 5.1, 5.2		
2. 3.		Aug. 27 Sept. 3 Labo	or D	5.3 , 5.4 Day, No classes Review		
4.		Sept. 10		Exam, 6.1		
	Sept. 1	4 Last day to c	char	nge grading option		
5.		Sept. 17		6.2, 6.3 6.4, 6.5
