

THE UNIVERSITY of
NEW MEXICO

As most of you know, **Enterprise Rent-A-Car and National Car Rental have merged.** This has given UNM the opportunity to renew our contract for vehicle rental in an effort to provide a high level of service while positively impacting our overall costs. The contracts for vehicle rental with Enterprise and National are effective immediately. UNM's contract number with Enterprise is NA34302 and the one with National is 5420154

As a direct result of several recent changes both locally and nationally within the car rental industry, representatives from Enterprise-Rent-A-Car and National Car Rental will be available to meet with UNM Departments to answer questions, provide an industry update, supply booking tools and help to streamline processes that will save your departments time and money.

We would like to urge all relevant members of each department to meet with the vendors' representatives during their visit to UNM's campus. Maxine Riley, the Enterprise Rent-A-Car and National Car Rental corporate account manager, will be calling each department to schedule a 15 minute appointment. Maxine's contact information is 505-830-8922, email maxine.riley@erac.com.

Under this new program **Enterprise Rent-A-Car** and **National Car Rental** have been named preferred vendors for The University of New Mexico. This partnership allows us to consolidate and reduce expenditures related to each department's vehicle rental needs, both locally and out of state.

The contract information in the UNM Purchasing home page will be updated soon.

If you have any questions, please call Socorro Turkovich in the UNM Purchasing Department. Socorro's phone number is 277-1736.
