From: Christopher Ramírez, GPSA President
RE: UNM Student Regent Applications – Fall 2008

Thanks for your interest in the UNM Student Regent! We are excited to be working alongside the Associated Students of the University of New Mexico (ASUNM) to be nominating five students from each of the UNM student governments for the Student regent selection process.

The UNM Student Regent serves an important function with the Board of Regents to bring the voice of the undergraduates and graduate/professional students to the official governing body of the University of New Mexico. We are looking for candidates that are well versed in student issues, student organizations and are prepared to work in partnership with GPSA and students across campus.

The **GPSA Ad-Hoc Committee on Committees, Appointments and Procedures (ACCAP)** will be reviewing the applications, choosing candidates for interviews and recommending the five candidates for GPSA. The application packet, including the application, background information and grade release are all available on the GPSA website. *All applications are due by noon on Friday, October 10 in the GPSA office.*

If you have any questions, please contact ACCAP Chair, Chalane Lechuga, at gpsa@unm.edu or 277-3803.
