

ME-360L: Final Design Presentations Schedule

The final presentations will take place in DSH 125 between 9:00 and 11:00 on Friday May 9 .

The presentations are limited to 5 minutes each and must be completed within this time. After 5 minutes the group will have to leave the podium whether they have finished or not. We will allow 3 minutes between presentations for short questions and for the next group to set up. It is my experience that 3 minutes can be barely sufficient so we will have to move on expediently.

Everybody in the class must attend the final presentations.
