

February 10, 2014

Dear MD Mottaleb,

On behalf of the Nuclear Science and History Museum, the Education Department, and some really excited kids and museum visitors, we would like to extend a big thank you for your participation in Discover STEM Week. Your presentation during the week was a hit, educational, and a lot of fun. We love seeing all your cool science demonstrations and especially love seeing you work with the kids and museum visitors. We appreciate your support of our museum, but mostly appreciate your support of science education. It is people like you who make a positive impact on students and create the spark to get young people interested in science. Thank you again for being part of an exciting and successful week at our museum.

Sincerely,

A handwritten signature in black ink that reads "Rachael Cutrufello".
