

Instructional Design (OLIT 501)

UNM's Organizational Learning & Instructional Technology Program

Offers an
Online Course in Fall 2008

This course presents a systems approach to instructional design and serves as a foundation for other courses offered in the OLIT Program. As a result of this course, students will be able to more effectively design, develop, deliver, and evaluate learning experiences in a wide variety of settings. For individuals who either plan to instruct others, or are currently in an educational position, this course is critical to further development.

Instructor: Fengfeng Ke, Ph.D.
