Basic Tabard

The basic army tabard is a sleeveless A-line tabard. The tabard is not sewn at the sides. Measure for the tabard over your armor or how you wish to wear it on the field.

The background color is dark green with a hem of gold embattlements.

The front and back slit up the tunic is optional.

Adding sleeves is optional, but if you wish to add them see the Basic Sleeve Pattern.

Fabric: Trigger is durable and sturdy usually lined with poplin (optional but the tabards last longer). Pre-wash fabric in cold water before sewing. Wash in cold temperatures always to keep the colors.
